## As-and-when activities: secondary

Alongside our lesson and activity plans we've come up with some ideas of other fun things you can do from home to celebrate School Diversity Week.

### Identity Flag

The rainbow flag has been a symbol for LGBT+ people for almost 50 years. LGBT+ people use the flag at Pride parades to proudly show their identity.

### Create your own identity flag

What would a flag that shows your identity look like? Try creating one yourself on a sheet of A4 paper. Make sure it uses a range of colours and represents you.

Some things you might want to include:

- Things you like (e.g. food, activities, music)
- Things that are important to you.
- Symbols that represent your heritage or faith
- Symbols that represent your LGBT+ identity (if you are LGBT+)

Display your flag wherever you want to show you are proud of your identity.

### Bake Off

What better way to celebrate School Diversity Week than with tasty treats?

We recommend making **rainbow cupcakes**. They are super easy and a lot of fun!

As an **extra step** you could make mini flags using paper, sticky tape and cocktail sticks. Write messages of support for the LGBT+ community on each one.

If you're feeling extra ambitious how about attempting a Pride celebration cake? This could be decorated with colours of the progress flag.

Be sure to share pictures of your colourful masterpieces with **Josephine.Lambert-Gorwyn@oasisbrislington.org**

### Letter of Support

Use this time to write letters either to classmates, supportive teachers or to local charities that support LGBT+ rights. You could also write to key workers at this time, LGBT+ live artists you love who currently have no work due to Covid-19 or more personally, a friend you know is struggling. It's important to spread kindness during difficult times.

### Run a Quiz

Create an LGBT+ quiz for your family and/or friends.

You can use what you've learned during School Diversity Week and do your own further independent research to help come up with questions

Here's some ideas:

- What was the first country to legalise same sex marriage?
- Where did the Stonewall Riots take place?
- How many colours were in the original 1978 pride flag?

See if you can video call with relatives that don't live with you and get them involved too. The more the merrier!

### Watch LGBT+ Films or TV shows

Throughout the week watch film or tv shows with LGBT+ themes and characters. There are a variety of LGBT+ tv shows and films on Netflix currently. Ensure they are age appropriate. Here are some recommendations of Netflix media centred around LGBT+ culture or featuring LGBT+ characters. Share these recommendations with friends and you can discuss them whilst watching.
