

8th July 2021

Dear Parent/Carer,

As part of our ongoing commitment to keep students safe and whilst empowering all to travel actively, safely and confidently to school we have recently published details of our travel Plan which can be viewed on the academy website here:

www.oasisacademybrislington.org/news-and-events/active-travel

As part of the Sustrans Bike It project we shall be holding a **Dr Bike** event at school on the 12th July 2021. **Dr Bike** is an event where students have the opportunity to get their bike checked for mechanical faults, **free** of charge. Simple problems can be fixed and adjustments made there and then. Any minor repairs made are at the discretion of Dr. Bike

Students should bring their bike into school as normal at the beginning of the school day and the "Dr" will then safety check these throughout the day whilst students are in lesson. Students will be able to take their bike home when they finish school at the end of the day.

Due to the time involved in checking individual bikes, numbers will be limited and bookings for this will be taken on a 'first come first served basis'. **If your child would like to get his/her bike checked on this day can we ask you to contact reception to book a place.**

We are also running a 'Golden Lock' incentive scheme to encourage more cycling to school. This will start during the final week of term and will involve a bike from the bike sheds being chosen at random to receive the 'Golden Lock'. The lucky winner who receives the golden lock will be able to exchange it at reception for a prize. Prizes range from Halfords vouchers, bike locks, reflectors and many more. This will be an ongoing incentive during 2021/2022 and the more frequently a student rides to school the more likely they will be picked as a winner!

It would be great to see as many students as possible ride their bike to school during this week with the added opportunity of being the first lucky winner of this new incentive.

Kind Regards
