

3rd January 2023

Dear Parent/Carer,

Important information regarding E-Bikes & E-Scooters

It has become apparent that many students have already or are in the process of obtaining electric scooters for their own use. Can we please remind you of the current UK law regarding the use of these scooters.

E-Scooters that can only be used on public roads are those that are hired as part of the government-backed trials. **Private e-scooters can only be used on private land (with the landowner's permission) and not on public roads, cycle lanes or pavements.**

We are sure you will agree that the safety of our students is paramount at all times, and we hope that given this information will make both students and parents think more carefully before riding any of the above scooter types.

With the above information in mind, please be advised that e-scooters must not be brought onto school site at any time. Should a student arrive at school with an e-scooter you will be contacted and asked to collect this immediately.

If you require further information regarding e-scooters this can be found by clicking on the link below:

<https://www.gov.uk/government/publications/powered-transporters/information-sheet-guidance-on-powered-transporters>

Thank you for your continued co-operation in all aspects regarding Health & Safety.

Regards
