

29th April 2020

Dear Parent/Carer,

I hope all of you are keeping safe in these challenging times.

As you may be aware, I host the annual 'Oasis Brislington Bake Off' competition where students and teachers are asked to design and bake a cake based on a set theme. I know from previous conversations with students, that they were excited to take part in this competition and with this in mind I am planning to run it but on a slightly different basis!

All students are invited to enter the competition. The theme for this year will be 'Thanking NHS & Key workers'. Students will be required to bake their cakes from home, email a photo to info@oasisbrislington.org and we will then post their entries onto our Twitter Page. Further information on how to submit entries will be shared on the School Twitter page (<https://twitter.com/OABrislington>) in the coming days. Please note you do not need a twitter account to visit this page.

Given the extraordinary circumstances we all find ourselves in, I would like to stress that this competition is optional and there is no expectation that families spend money on baking ingredients if they cannot afford to do so. Entries do not have to be a cake but can be anything baked. There is no fixed deadline for entries which will give students who would like to take part the opportunity to properly plan and buy ingredients. Equally I would not encourage anyone to make a trip to the supermarket specifically and solely to buy ingredients for this competition.

I hope this competition inspires your son/daughter to cook from home and helps lift the spirits of our NHS staff and Key workers.

Kind Regards

A handwritten signature in black ink, appearing to read "J. Advani".
